

Specification code PP/9/PB/E

Date 11/12/2024

Product description

Description	Pea Protein Isolate is made from Non-GMO Canadian Peas through natural biochemical separation method. It provides high nutrition and functionality. No cholesterol and have certain amount of Amino acid.
Ingredients	Pea
Colour	Light yellow, beige
Flavor & Odor	Bland
Particle Size through (100 mesh)	min 95,0 %

Heavy metals

Arsenic (As)	max 0,5 %
Lead (Pb)	max 0,5 %
Cadmium (Cd)	max 0,5 %
Mercury (Hg)	max 0,5 %

Others

Packaging	Small bags
-----------	------------

Physical chemical analysis

Moisture	max 10,0 %
Fat content	max 10,0 %
Protein content	min 85,0 %
Ash content	max 8,0 %
pH	6 - 8
Gluten	max 20 ppm
Soy	max 2,5 ppm

Microbiological analysis

Total plate count	max 10000 cfu/g
Yeasts	max 200 cfu/g
Molds	max 200 cfu/g
E. coli	Absent cfu/25g
Salmonella	Absent cfu/25g
Staphylococcus aureus	Absent cfu/25g
Listeria monocytogenes	Absent cfu/25g
